AlarmClarity

INDEPENDENT REPORT REVIEW

YOUR FIRE ALARM REPORT, IN PLAIN ENGLISH.

A flat-fee review of your inspection report and repair quote: every finding translated, sorted by priority, with each quoted price beside a typical range. From a NICET-certified professional who doesn't sell repairs.

HOW IT WORKS

1. Send the documents
Email the inspection report and any quote as PDFs. Scans are fine.

2. I review every line
Each finding translated and given a priority based on fire alarm code requirements.

3. You get a clear PDF
A six-section report, usually in 3 business days. You decide what's next.

WHAT'S IN THE REPORT

Review summary: findings by priority, quote total
Priority scale: the rules, so you can check them
Findings: report wording, plain English, repair
Quote review: quoted price beside a typical range
Gaps: what was not tested, stated or explained
Scope and independence: what's covered, what isn't

1 · IMMEDIATE	2 · SHORT-TERM	3 · ROUTINE	4 · INFORMATIONAL
Alarm or fire dept. signal	Backup power, testing	No effect on operation	Recommended only

FLAT FEES, STATED UP FRONT

Small Property
$149
1 report + 1 quote, up to 10 findings · 3 business days

Standard
$199
1 report + 1 quote, up to 25 findings · 3 business days

Multi-Building
$349
Up to 3 buildings, same owner, one report · 5 business days

Add-ons: second quote compared $75 · rush, 1 to 2 days $75 · each extra building $100 · 30-minute walkthrough call $50 · each 25 findings over 25 $50

Tier confirmed first: I count the findings when your documents arrive and confirm the fee before I start.

WHO DOES THE REVIEW

Brian Trammell, NICET Certified

13 years as a fire alarm technician and 7 years as a service department manager, reading and writing the same reports and quotes you receive.

INDEPENDENCE

No ties to your property or its vendors. I work in the fire alarm industry; these reviews are independent of my employer. No equipment or repairs sold. Your local fire authority has final say.

SEND YOUR REPORT. GET THE FACTS.

Email your report and quote with the property name.
